
OVERDRIVE

NEISD has thousands of eBooks and audio books to share! OverDrive works best in Google Chrome or Firefox. Go to neisd.lib.overdrive.com and sign in with student ID number

See book. Read book.

1. Visit your library's digital collection:
2. Sign in with a valid student ID.
3. Find a title you want to borrow. Click on the title and select Borrow.
4. Start reading eBooks in your browser by clicking the Read button, when available.

Download eBooks

1. If you prefer to download eBooks, click Download and select your preferred format.
2. If you select the Kindle Book format, you will be taken to Amazon's website to complete download.
3. To install free software needed to download other formats, click Get Software at the top of your Locker and select the software you need. Download:
• Adobe Digital Editions (ADE) to read on your computer
• OverDrive Media Console (OMC) for smartphones and tablets
4. To transfer eBooks from a computer to an eReader, connect your device to your computer and open ADE. Drag your downloaded eBook from the ADE 'Library' view to your device when it appears on the left panel.

Download audiobooks

1. Download audiobooks from My Locker by clicking Download and selecting your preferred format.
2. If you need to install software, click Get Software at the top of your Locker and select OverDrive Media Console (OMC).
3. Once an audiobook is downloaded on your computer, you can transfer to an MP3 player from OMC by connecting your device and clicking Transfer.

Find additional help resources by clicking the Help link on your school's digital collection, or go directly to http://help.overdrive.com.
