SAINT MARY'S OF THE BARRENS (SMOB), records of
Date range: 1818-2006
Quantity: 110 Boxes (38 feet, 5 inches)

HISTORY[1]

St. Mary's of the Barrens in Perryville, Missouri is the historic seat of the American Vincentians and since its establishment in 1818 has served as an educational institution, a Vincentian house of formation, and a Vincentian community residence.

The Vincentians first came to the United States in 1816 under the leadership of two Italians, Felix DeAndreis and Joseph Rosati. They were sent on mission from Rome to answer the appeal of Louis Dubourg, Bishop of Louisiana, who needed priests to establish a seminary in the Diocese of New Orleans. A group of Catholic settlers near Perryville, Missouri offered Bishop Dubourg 640 acres of land in exchange for the regular services of a priest and a school for their children. Thus in 1818, the Barrens became the site of the seminary. Although Felix DeAndreis was named Superior of St. Mary's he died in 1820 and never spent time at the Barrens. Joseph Rosati took on the duties of Superior and retained this position even when he was named Bishop of St. Louis.

During the nineteenth century St. Mary's functioned as a lay college, a Vincentian seminary, diocesan seminary, parish, working farm, and small academy. Because the motherhouse in Paris did not approve of the intermingling of seminarians and lay students, in 1835 the seminary was suppressed. However, by the 1850s lay students were again admitted to St. Mary's which indicates the suppression was eventually rescinded. The diocesan seminary was relocated to St. Louis in 1842 and in 1868 the Vincentian seminary moved to Germantown, Pennsylvania. The division of the American Province into East and West led to the reopening of St. Mary's as an apostolate school in 1886. Two years later the novitiate and scholastiscate returned. In 1888, St. Mary's once again became an active seminary and served as the Western Province's house of formation until the mid 1980s. In 1964, the school of Theology was moved to DeAndreis Seminary in Lemont, Illinois and the Novitiate program moved to Santa Barbara, California while the college formation program remained in Perryville.

During the early part of the twentieth century seminary enrollment fluctuated depending on national social and economic issues. However, in the 1930s and 1950s new seminary buildings, funded by Mrs. Maria Theresa Kulage and Countess Estelle Doheny, were constructed to serve a thriving student population. Students worked on the major Vincentian goal of service to the poor in several ways. Beginning in 1923 newly ordained priests were sent to China's Kiangsi Province to serve as missionaries. Three seminarians, Rev. Lester Fallon, C.M., Rev. Joseph Phoenix, C.M., and Rev. Joseph McIntyre, C.M., became interested in evangelization activities that led to the establishment of a new apostolate in 1935, the Vincentian Motor Missions.

[1] Sources used for this history include: *The American Vincentians: A Popular History of the Congregation of the Mission in the United States, 1818-1987* (Brooklyn, New York: New City Press, 1988) SPC. 271.79 A512V and Rick Janet's articles published in *Vincentian Heritage*, Volume 22, No. 2 and Volume 23-25, No. 1 (copies are filed in Box 1, Folder 4 of this collection.

During World War II, seminarians became active in a project that involved sending necessities of life to confreres in Europe.

In the early 1940s, St. Mary's of the Barrens sought accreditation by the North Central Accreditation Association but the formal process did not begin until 1957. After considerable hard work, the seminary received accredited status from the NCA in 1967. In 1977, St. Mary's began the reaccreditation process. Provisional accreditation status was granted with specific recommendations and a required follow-up visit in three years.

In 1975 another division of the province was approved. The Western Province was split to become the Midwest, South, and Western Provinces. This resulted in administrative questions about management of the geographically divided Vincentian formation program. These questions were reviewed by the Governing Board for Common Formation and the Provincial Task Force on Common Formation. Various evaluations and surveys critically analyzed the formation program at St. Mary's of the Barrens. The decision to close St. Mary's in 1984 was based both on practical grounds and on changes in the cultural and ecclesiastical climate. In 1985 the last class graduated from the college program.

Once the difficult decision to close the seminary at St. Mary's was made there remained the task of charting the future of the Barrens. Task forces were formed to consider the fate of the remaining apostolates and the property of the Barrens. In 1995, the provincial council accepted the recommendations outlined in the "SMOB Report" which established several committees to study the various ideas proposed. The discussion about the future of St. Mary's continued until 2000 when a proposal from Southeast Missouri State University to lease the seminary's library classroom building was accepted. In order to free the building for use, the remaining collections had to be dispersed. In 2001, the DeAndreis-Rosati Memorial Archives, the records of the Midwest Province of the Congregation of the Mission, were transferred to DePaul University in Chicago. The rare books, paper weights, and other art objects donated to the seminary by Countess Estelle Doheny were auctioned at Christie's in December 2001. In August 2004, the Midwest Province decided to demolish several old seminary buildings for the construction of a new residence for retired Vincentians. The Apostle of Charity Residence opened its doors in 2006 beginning a new chapter for St. Mary's of the Barrens, the historic seat of the American Vincentians.

DESCRIPTION

The records of Saint Mary's of the Barrens Seminary, Perryville, Missouri span the dates 1818 to 2006. One item pre-dates 1818, a small book titled Catalogue of the Students at the Seminary, in Rev. Joseph Rosati's handwriting dated1815 (Box 37). The records are divided into eleven series or categories: History, Governance, Administration, Formation, Academic Files, Students, Student Activities, Music, Buildings, Property Files, and Financial Records.

History contains a variety of publications, advertisements, brochures, and papers that detail the historical events of the seminary. The **Governance** series contains the 1822 Act of Incorporation, the agreement between Bishop Louis DuBourg and the Congregation of the Mission, minutes of the Board of Director's Meetings, Visitations by the Provincial, and minutes of Domestic Assemblies.

Administration documents the management of the seminary as an educational institution, a Vincentian house of formation, and a Vincentian community residence. Six sub-series are Superior's Correspondence, Annual Reports to Provincial and Governing Board, House Council, Rev. Charles Shelby's files regarding the Future of St. Mary's, Rules/Copybooks and Handbooks. The earliest Superior's Correspondence dates from 1926 with only modest coverage through 1955. A comprehensive representation of the duties and responsibilities of the superior is contained in the letters of Rev. James Fischer (1956-1961). Files of the following superiors: Rev. Edward Riley (1962-1968), Rev. Carl Schulte (1969-1971), Rev. Louis Franz (1972-1973), Rev. Theodore Wisner (1974-1976), and Rev. William Hartenbach (1978-1985) include correspondence with provincials, other Vincentian seminaries, national organizations, and provincial committees. These letters reflect the hands on style of management required of the superiors and often deal with personnel issues, housekeeping and maintenance of buildings, appointments of priests to act as confessors to local religious communities, and routine requests for assistance and guidance. Detailed annual reports written for the Provincial and the Governing Board of Common Formation date from 1967 to 1984 provide information relative to the enrollment figures, progress of the seminarians and their formation, changes in academic curriculum, financial affairs, library holdings, standardized test results and other similar statistics. Vincentian community life is reflected in the house council minutes (1979-1996), community/house plans (1990-1996), and retreats. Boxes 19-21 contain an interesting collection of Rules/Copybooks and Handbooks from 1831 through 1985. The titles and any identifying features such as label numbers or owners of the copybook used by the Vincentian archivists in Perryville have been retained.

The **Formation** series includes materials regarding the development of candidates for Vincentian priesthood. Within the Formation category there is a small collection of material that was identified by the Vincentian archivists as having been maintained by the Director of the Students and the Novices Director.

Academic Files includes the following subcategories: Faculty, Curriculum, NCA Accreditation Files and Self-Studies, Course Catalogues and Bulletins, Syllabi, and Class Schedules and Calendars.

The **Students** series is divided into the following sub-series: Rosters and Personnel Lists, Graduation/Ordination, Grades, Evaluations, Foreign Students, Brothers, and Diaries. Ledger Books record the names of students and novices who entered the seminary during the following years: 1815, 1843-1866, and 1887-1968. Vincentian archivists in Perryville created lists in order to track the faculty and students of the seminary, seminarian withdrawals, ex-seminarians, and brothers. These are gathered under the heading "Personnel Lists" and are arranged according to decades beginning with the1930s. A few ledger books remain that record grades for individual students and several nice examples of early report cards from the 1850s are housed in Box 40. Evaluations of Students from 1977, 1978, and 1980 are confidential and access to review these files (Box 41) must be granted by the Provincial. All documents in the collection about Brothers were gathered together in Box 43. It was the custom for one student to keep a diary of the seminary happenings which sometimes included current events. So a comprehensive record of the seminary from the perspective of the students exists. The 1859-1864 diary, one of three

titled: Record of Principle Events, includes an emotional account in response to the beginning of the Civil War:

> "War has [bared] his ruthless arm & commenced his revel in blood at Fort Sumter - North & South are [arrayed] one another & are preparing for combat which is to seal the downfall of America…The Union is gone - the spirit of liberty is flying away - Peace has vanished - Commerce paralyzed & the grave is dug - dug by the North - Grand & glorious republic you will so be only a melancholy mass of ruins - a thing of the past…" (Box 44, Folder 22, entry: April 21st, 1861)

The students of St. Mary's were extremely active and creative with their free time. The **Student Activities** series, arranged alphabetically, documents the many activities, organizations, events, and publications started by the students. Vincentian seminarians had a long tradition of spending their summers at **Camp St. Vincent**. Materials about the camp include historical information, maps, articles, correspondence, job positions, and policies. The students of St. Mary's of the Barrens participated in a post World War II humanitarian aid service known as the **CARE** Project (Cooperative for American Remittance for Europe). Clothing, food, bedding, and other essential items were gathered and sent to Vincentian houses and confreres in Poland, Germany, and Italy for distribution to those in need. This effort started in 1944 and continued until the mid 1950s. The SMOB student branch of the **Catholic Student's Mission Crusade** known as the Stephen Vincent Ryan Unit organized a correspondence guild with the purpose of writing letters to the confreres who served as missionaries in China. The letter writing campaign continued for many years under the organization of the **Clet Correspondence Guild**, a group formed in 1933 within the Stephen Vincent Ryan Unit. The secretary of the guild was responsible for managing the flow of letters from the students to the missionaries. Provisions were also made to share and organize the letters received from the priests serving in the China missions.[2] "This method of keeping in contact with the missions is of advantage both to the students at home and the missionaries abroad. Through the letters from the confreres in China comes a better knowledge of their labors. The missionaries, on the other hand, have a constant source of news of their confreres at home."[3] The students organized a fund-raising group known as **St. Mary's Seminary Guild** which was primarily concerned with soliciting financial support for student programs such as transportation to and from apostolic work assignments, liturgical and musical needs, athletic equipment, entertainment, and basic living expenses. Most of the documentation for this group dates from the 1980s, although a few pieces in the file are from the mid 1960s. A file labeled, Student Council/Association of the Scholastics of the Western Province, gathers together materials that document the efforts to organize the student body and manage its extracurricular activities.

In February 1939, the superior of St. Mary's of the Barrens, Rev. William Brennan suggested that the history of the founders of the Congregation of the Mission in the United States be preserved. The students of St. Mary's took the initial steps to establish the **DeAndreis-Rosati Memorial Archives** (DRMA) by seeking the approval of the Provincial, Rev. Marshall F. Winne. His letter of support dated March 27, 1939 states that the general aim is "to perpetuate the memory of the lives and labors of the valiant and saintly Vincentian pioneers in the ecclesiastical history of our country, and then to foster a similar spirit among our young Vincentians of today." These initial

[2] Many of the letters written by these missionary priests are located in the DRMA: Personnel Files. Please consult an archivist for assistance and information about the access and use policies for this portion of the collection.
[3] Box 66, The DeAndrein, Jan. 1937

efforts of the students to collect, index, and preserve the history of the Vincentians has resulted in a substantial collection of archival material. The DRMA correspondence documents the growth and development of this important archival collection.

A sub-series of Student Activities is titled **Programs and Plays**. Holidays and special fest days were celebrated with a dinner and entertainment often included musical performances, speakers, debates, and plays. These materials date from 1890 through 1983. A major achievement of the students was the regular publication of their student newspaper. Originally titled, *The Andrean*, it began as a typewritten, hand illustrated piece that appears to have been circulated among the student body from 1928 to 1930. In November 1930, the format and title changed to **The DeAndrein**. The printed newspaper included copies of photographs, and was offered for sale to alumni, family, and friends. This informative publication continued uninterrupted until 1965 and was digitized by DePaul's Special Collections and Archives Department in 2006. A fascinating group of letters emerged during the processing of this portion of the archives. The student editor of *The DeAndrein* corresponded with a Vincentian confrere in Puerto Rico, Rev. Benito Romero, C.M. who was in contact with confreres in Spain. The thirteen letters date from 1936 to 1939 and provide a vivid picture of the welfare of the Vincentians and Daughters of Charity during the Spanish Revolution. In 1935, the Stephen Vincent Ryan Unit established the **Edward T. Sheehan Memorial Museum**. One of the stated purposes of the museum was the "collection and display of all records, documents, letters, literary works, pictures, and biographical information of our missionaries in China" (Sheehan Memorial Museum Constitution, 1935). Over the years the museum added figurines and other artifacts from China. These were auctioned during the Christies' sale in December 2001. However, personal items from the three bishops (Sheehan, Misner, and Quinn) displayed in the Sheehan Museum were transferred to DePaul University with the DeAndreis-Rosati Memorial Archives.

Liturgical **music** played a very important part in seminary life. This series includes materials about the Christmas Novena which has a long tradition in the Vincentian Community.

The **Buildings** records document the physical structure and space of St. Mary's. The files are arranged alphabetically according the name of the facility. Researchers seeking an overview of the development of the seminary campus should start with the first two file folders in Box 79 which include guides or narrative tours of the property. Information about Countess Estelle Doheny's major donations of rare books, paperweights, and object of art to the seminary library and museum are filed in Box 82. Included are appraisals, inventories, and photographs of the figurines in the display cases.

Property Files contain deeds, mortgages, wills, surveys, and contractual agreements. Deeds of other locations in Missouri as well as California, Iowa, Illinois, Louisiana, Ohio, and Texas were among these documents and were left intact. **Financial Records** include legacies, wills, and annual financial reports. A sub-series, Bills and Receipts, documents a variety of transactions during the years 1819 to the mid 1870s. The receipts include the purchase of merchandise, pew rents and marriage fees, sale of oxen from the farm, and payment for "negro" workers. Early bills and receipts for individual items were handwritten on small scraps of paper. The final sub-series of Financial Records is titled Ledger Books. The labeling and date ranges assigned by the archivists in Perryville were retained for these ledgers. An oversize record book with

miscellaneous documents which were copied or entered by a variety of individuals from a variety of sources is the last item in this collection. Of interest is a copy of the 1815 contract between the Vincentians and DuBourg for the establishment of a seminary in America and Rosati's 1833 transfer of the Barrens property to the Congregation of the Mission.

Separations/Related Collections
Photographs of St. Mary's of the Barrens are located in a separate collection. Please ask the archivist for a copy of the SMOB Photographs finding aid if you are interested in historical images of the buildings, campus, and seminarians.

The files of the Provincial Superiors (Visitors) of the Western/Midwest Province of the Congregation of the Mission also include information about St. Mary's of the Barrens generated during their administration of the province. Please ask the archivists for the Provincial Files finding aids.

Academic transcripts for St. Mary's of the Barrens are part of the Vincentian Academic Archives collection. To request a copy of a transcript please contact the Vincentian Academic Archives, 2233 North Kenmore Avenue, Chicago, IL, 60614. Fax 312.362.6606. Email: eudovic@depaul.edu

Restrictions
Box 41 is restricted. These files are confidential and access to review them must be granted by the Provincial.
