To access and use UNT’s VPN, type in the URL: vpn.unt.edu
Enter your EUID and Password when prompted.

On the next page, click continue.
• You will be brought to this page. To use the VPN, type your web address in the browse bar provided by VPN. Either select “Browse” or press Enter.

• Once you are browsing the internet using VPN, a new tool bar will appear in the top, right corner of your page. Use this tool bar to browse the internet and not your usual internet browser.
