

Traveler 2015/2016 ProQuest Widgets for combining databases for searching and one click for all four CultureGrams databases.

This link is to instructions on creating a widget to include designated ProQuest databases. Remember ProQuest Central searches 30 databases and Traveler has an additional 17. The Search box on the Traveler Portal default to 4 databases for one search, and other combinations are possible in Advanced Search.

[http://search.proquest.com/help/academic/webframe.html?MR\\_widget.html](http://search.proquest.com/help/academic/webframe.html?MR_widget.html)

NOTE: By default when creating a widget – it will select all possible databases from the account.

One link for access to all 4 CultureGrams.
